## "CURTAIL DRILLING" IS NEXT BEST STEP

"The general economic situation; the flush production of crude in all parts of the Mid-continent field, and particularly the Oklahoma fields; the strike situation, and most important of all, the fact that the Prairie is nearing the end of its tanking capacity," are the reasons advanced by Dana H. Kelsey, head of the Prairie Pipe Line Company at Tulsa, for the cut which occurred in mid-continent crude last Saturday.

Kelsey had requests from all parts of the country to assist in moving oil, states Mr. Kelsey. "Our pipe lines are full to capacity and this situation arose because tank cars are not now moving because of tieups on various railroads of the country. We have been running approximately 64,000 barrels of crude oil daily to storage, and it will not be long at this rate until all our available tankage is filled."

Estimates have it that there are between 125,000 and 150,000 barrels of crude stored daily in Oklahoma alone. The Texas Company is said to have approximately 10,000,000 barrels of storage in the Mid-continent field at this time.

John M. Lovejoy, business manager with the Amerasia Petroleum Company, states that the cut came as a surprise to him. "Although the production of the Oklahoma fields is very high," he stated, "Louisiana seems to be on a steady decline and northern Texas is hardly holding its own, and it seems, with conditions as they are in the above mentioned districts, and with water showing in the Mexican wells so that some of the biggest in that country must be pinched in, that production could be absorbed."

The heads of all the larger purchasing and producing concerns are of the opinion that the only procedure to be followed at this time is to effect a decrease in production by curtailment of operations and as a result it is expected that all operators will follow suit in this respect. New wildcatting should be delayed until more favorable conditions show themselves. The output of the Carter county fields at this time is not a drop on the market and if a conservative policy is maintained, will not be. The Burbank pool appears to be the greatest danger point. "I consider the Burbank pool by far the greater source of overproduction in the state," is the manner in which Mr. Lovejoy speaks of it, "and if reports are true, that this is to effect a decrease in production, there is bound to be a great help to the market."

In speaking of the Amerasia pool, which the Amerasia Company is developing, Mr. Lovejoy states that only 10 strings are now in operation and that development there will be kept down to a minimum. Rapid decline in wells in the Bristol field effects any possible threatening of overproduction from this source, he believes, and in the Tonkawa pool, although it has great possibilities, drilling there is more difficult than in any other place in the Mid-continent pool and a large amount of production in the Tonkawa pool will not be had for some time due to the great length of time required to complete wells.

The Sinclair and Gulf companies have met the cut which was put into effect last Saturday by the Prairie, Texas and Magnolia companies. In the high gravity fields, the Gulf Corporation will continue to pay a premium of 25 cents for oil of 35 gravity and above.

## Haskell Test Drills In Oil Sand, 3626 Ft.

The operators of the Haskell oil test on the W. A. Clark farm, in the center of the southwest of the southeast of the northwest quarter of section 35-48-2w, one half of a mile southwest of Bayou district production, drilled out the plug Sunday and topped the oil sand at 3626 feet. There is about 40 feet of oil in a hole with the pay barely scratched and gravity appears to be around 36. There is a little gas showing. The well is being drilled deeper into the sand today. This is the deepest oil showing yet encountered in southern Oklahoma fields.

## To Issue Love County Geo. Map

Geological maps of Love and LeFlore counties and the Miami mining district are now being completed by the Oklahoma Geological survey, according to report of C. W. Shannon, director. The Love county topography is being mapped out by Fred M. Bullard, field geologist of the survey, and R. A. Cullin. According to Mr. Shannon, the Love county findings will represent the results of three years work.

## Oil Showing In Test in 1-48-2w

A good showing of oil in sand at 2661-63 feet is reported in the Ramsey-Dempsey test on the Emma Thomas farm, in the northeast of the southwest of the southwest quarter of section 1-48-2w, north-east of production in the Hewitt pool. The well is now drilling in blue shale at 2657 feet.

On the J. S. Reed farm, in the northwest of the southwest of the southwest quarter of section 20-48-2w, Ramsey-Dempsey No. 1 is drilling in blue shale at 2210 feet.

## Two New Gushers In Mexico Field

Following close on the heels of the announcement of a cut in the price of mid-continent crude comes the news of completion of two more monster wells in Mexico. They are: Tide-Mexico company and Graham and Black No. 5 Chin conchillo which is making 20,000 barrels at 2147 feet; and Mexican Seaboard No. 6 Curadillo, in the Panuco district, making 4000 barrels at 2329 feet. The Mexican Seaboard well is a pure wild cat six kilometers from nearest production.

## RECORD INCREASE IN OKLAHOMA PRODUCTION

During the past week new production in Oklahoma reached one of its biggest points. Wells brought in totaled initial production of \$7,640 barrels. Increasing the daily output 20,000 barrels. Kansas fields took a decided rise the daily average increasing to \$5,200 barrels. Production of fields of Oklahoma was as follows:

Hewitt	27,000
Haskell	19,400
Cushing	25,000
Lyons-Quinn	20,000
Burbank	77,900
Other fields	284,600

Total 408,000  
The average daily production of the Oklahoma fields during the past week showed an increase of 12,000 barrels as compared with the daily total during the preceding week.

Production of fields of Kansas during the past week totaled daily as follows:

El Dorado	47,200
Augusta	19,000
Other fields	20,000

Total 86,200

Gulf Coast.  
Daily average production of the fields of the Gulf coast during the past week was estimated at 103,875 barrels, showing a big decline as compared with the average daily production during the preceding similar period which registered 111,590 barrels. Production by fields was as follows:

Baton	1,213
Barbers Hill	375
Blue Ridge	1,176
DaDmon Mound	2,709
Rayton	75
Goose Creek	15,400
Hull	17,500
Humble	6,500
Markham	75
Pierce Junction	2,500
Stratton Ridge	0
Saratoga	1,735
Sour Lake	4,650
Spindle Top	850
Somerset	1,850
West Columbia	28,900
Orange	15,000
Edgely	220
Jennings	500
Anse le Butte	14
Vinton	3,500

A slight decline was noted in the average daily production of the Louisiana fields during the past week with the figures of 125,703 barrels as compared with 121,940 barrels for the preceding week. Production by fields:

Haynesville	54,830
El Dorado	30,625
Bellevue	5,815
De Soto Parish	7,655
Caddo Light	3,420
Caddo heavy	14,650
Homer	0

Mexia.  
The Mexia field of Texas is making a daily average of between 60,000 and 70,000 barrels, and the Currie pool is averaging around 25,000 barrels. According to figures compiled by field men, the Mexia pool has produced 29,500,000 barrels of crude, up to July 10.

An advance of 25 cents was posted last Thursday on Currie crude, by the Texas Pipe Line Company. The oil is about 40 gravity and better.

## Big Interest in Red River Wildcat

The Croble-Lynch-Stahl wildcat on the Robertson farm, in the center of the southwest of north-east quarter of section 16-48-2e, Love county, on the north bank of the Red river, is drilling at 550 feet. Considerable interest is being attracted to the test and it is being closely watched due to the favorable structure on which it is drilling and which has been closely surveyed by geologists of the leading companies all of whom have acquired protection with play being made in all directions. The structure lies in the general trend of the Hendon and other big pools in this section of the state.

Considerable time in surveying was spent by the Oklahoma Geological survey and a map of it will be ready for distribution in the near future.

## 20,000 Acres in T-P Garvin Deal

Further information relative to the Wrightman Oil company properties in the Robertson field of Garvin county by the Texas Pacific Coal and Oil company states that the deal included approximately 20,000 acres of leases and settled production from shallow sands aggregating 1,130 barrels daily.

## W-D Completion In Duncan Field

Westheimer and Daube have completed their No. 11 on the Maloney farm, in the northeast corner of the northwest of the northeast of the northeast quarter of section 4-28-2w, Duncan field, with production of 40 barrels from the sand topped at 2220 feet and penetrated to 2229 feet.

Paris was the home of the first public asylum for the blind.

The salary of the Canadian prime minister is \$19,000 a year.

## CLASSIFIED WANTS

One cent per word each insertion. A minimum charge of 25 cents made for ads run one day only. Copy must be in Ardmore office by 10 o'clock, week days. If received after that hour ads will be run "too late to classify." All want ads are cash. Advertisements taken over the telephone are accepted only at customer's risk and the Ardmore-ite will not be responsible for errors unless advertising copy is handed in at our office.

## FOR RENT (HOUSES)

FOR RENT—Three-room house, freshly papered; in southeast. \$17. Phone 462. 12-3  
FOR RENT—Six room, new modern bungalow, 1310 Bixby S. W. Phone O. H. Wolverton, 102. 14-5  
FIVE room house for rent; phone 1224. 12-3  
FOR RENT—Six room house \$25.00 a month; also fourteen lots for sale on paved street; easy terms. Apply to 462 D street northwest. 14-3  
FOR RENT—Five room house Phone 1188. Tom Cooper. 16-6  
A MODERN 5-room bungalow; partly furnished or unfurnished, 613 Second avenue northwest. Phone 1711. 16-3  
FOR RENT—Five room modern house; close in, on paved street, 212 Third avenue northwest. Phone 1439. 16-3  
FOR RENT—One 4-room house close in, corner B and Second avenue northwest. A. C. Whitehurst. 16-3  
FOR RENT—Three room bungalow nicely furnished, with garage, \$20 per month. Call 981-J. 16-3  
FOR RENT—New cottage, 4 large rooms and bath, suitable for 2 small families. O. M. Redfield. Phone 26. 16-3  
FOR RENT, sale or exchange, new small cottage, modern, 211 Second avenue southeast. Redfield and Gardner. 16-3

## FOR RENT (ROOMS)

TWO rooms furnished for light housekeeping, adjoining bath. Price right. Call at 217 Second avenue northwest. Also south bedroom. 16-5  
APARTMENT for rent, situated within walking distance from town. Apply Foxville's Apartments, 213 Second avenue, northeast. 16-3  
FOR RENT—Southeast bedroom, \$3.50; also housekeeping rooms, 118 First avenue southeast. 16-3  
TWO cool furnished housekeeping rooms, modern, in northwest part of city. Phone 1935-R. 14-3  
FRONT bedroom in private house, close in northwest. Phone 1029. 16-4  
FOUR rooms and bath furnished apartment, private entrance, close in; phone 1469. 14-3  
THREE room furnished apartments; summer rates; 21 D street, southwest. Phone 1245. 14-5  
FOR RENT—Furnished light housekeeping rooms, 222 A St., N. E. Phone 135 Mrs. C. G. Sims. 12-6  
FURNISHED light housekeeping rooms for rent, 102 First avenue southeast. Phone 1129. 11-6  
FOR RENT—Furnished rooms for light housekeeping, 410 W. Main. Phone 2251-J. 12-4  
FOR RENT—Nice front room with garage, 704 A St., N. W. Phone 953-J. 16-3  
FOR RENT—Nice cool room in private home. Phone 1658-R. 417 K street southwest. 16-3  
FOR RENT—Light housekeeping rooms; newly papered and modern; Royal rooms, hot and cold water, 422 Second northwest. Mrs. Haddock. Phone 305. 16-3  
ROOM or board; cheap rates for two; close in. Call 2104. 16-3  
FOR RENT—Four room apartment, unfurnished; private bath; modern, close in. Bomar apartment, 225 Stanley southwest. 16-3  
FOR RENT—East bedroom in new southwest home; garage if desired. Phone 1434-R. 16-3  
FOR RENT—Three light housekeeping rooms; also garage. Mrs. Lauderdale, 703 B northwest. Phone 350 or 1931. 16-4  
FOR RENT—A well furnished 3-room apartment. Phone 1464-J. 509 A north-west. 16-3  
FOR RENT—Two nicely furnished light housekeeping rooms; modern, close in, 203 K northwest. 16-3  
TWO light housekeeping rooms, 512 West Broadway. Phone 359-J. 16-3  
FOR RENT—Modern unfurnished 4-room apartment; close in, southwest. Phone 55, R. W. Randol. 16-7  
FOR RENT—Cool comfortable bed room two blocks from post office, 129 A northwest. 16-3  
FOR RENT—Nicely furnished 4-room apartment; one block from Broadway Methodist church, 130 B northwest. Call 1335-R. 16-3  
ALL MODERN new three room furnished apartment with garage. 336 D S. W. Phone 1229. 14-3  
FURNISHED 3-room apartment or one large airy bedroom, private entrance; suitable for two men or business women, 211 D. southwest. Phone 1786-J. 17-3
